Hi Tom:

You are correct on both counts. The plan submitted under Shaw Environmental is M/049/047 and yes, the \$150 permit fee already paid will be credited toward the \$500.00 for a LMO - so \$350.00 is correct.

Look forward to receiving the large mine plan.

Joelle,

I am preparing to submit the large mining permit application which will replace the four small mining permits currently in place for the Lime Peak Quarry in Eureka.

I want to confirm the permit application fee. I believe it would be \$350 (\$500 less the prior application fee of \$150 for the small mine permits). Could you please confirm this?

In addition, I want to confirm that this permit be submitted under the file number M/049/047.

Please confirm these two issues and I will submit the application immediately.

Thank you.
